Third Year B. Tech., Sem V 2021-22

Programming Lab-3

Practical no- 5A

Git-hub link: https://github.com/omkarpatil01/2019BTECS00104_PL3

Problem Statement 1: Design a static web page using HTML for Civil Engineering Department information. Access it locally and in LAN using a web server. It should have following sections:

1. Department Information

2. Department Images

3. Contact Details

```html
<!DOCTYPE html>
<html lang="en">
    <head>
        <meta charset="UTF-8">
        <meta http-equiv="X-UA-Compatible" content="IE=edge">
        <meta name="viewport" content="width=device-width, initial-scale=1.0">
        <title></title>
    </head>
    <body style="background-color: darkgrey;">
        <header>
            <h1 style="font-family: 'Times New Roman', Times, serif;text-align: center;">
                Walchand College of Engineering Sangli
            </h1>
            <h3 style="font-family: 'Times New Roman', Times, serif;text-align: center;">
                (An Autonomus Institute)
            </h3>
            <nav>
                <u>
                    <li><a
href="http://www.walchandsangli.ac.in/">HOME</a></li>

                    <li><a

                Department of Civil Engineering
            </h2>
            <p style="text-align: center;"><img src="Civil-Department.jpg"
></p>
            <P>
                The Department of Civil Engineering was the first inchoative
discipline at Walchand College of Engineering, Sangli and the oldest in
Southern Maharashtra region. Starting its journey in 1947, the department has
contributed in producing several eminent engineers who are in key positions of
the Government organizations, public sector and infrastructure companies and
have brought in significant contributions in the planning and execution of
Civil Engineering projects in various regions of India. The Department offers
a four-year programme leading to the Bachelor's Degree in Civil Engineering
(B. Tech.) and a two-year programme leading to Master's degree (M. Tech.) in
Civil engineering with specialization in Structural Engineering and
Environmental Engineering.
                <br>
                <br>
                The Department is known for its reputed faculty having
expertise in diverse fields. The faculty of the department continues to strive
loftier by exploring new frontiers of civil engineering, imparting the latest
technical knowledge to the students and conducting high quality of research.
The faculty has contributed more than hundred research papers in various
Journals and Conferences. The faculty also renders technical advice on live
engineering problems in the field of Geotechnical, Structural, Environmental,
Hydraulics, Transportation and Water Resources  Engineering etc., to various
Government and Private Sector companies throughout the state. It has built up
a wide research potential in structural and Environmental Engineering. The
department also has other well equipped engineering laboratories in the field
of concrete and material testing, structural dynamics, structural health
monitoring, Geotechnical, Hydraulics, Transportation, Surveying and
Construction. Apart from the Central computing facility the department has its
own computing facility with more than 60 nodes and continuous internet access.
The research projects of the department are funded by various agencies such as
Ministry of Human Resource Development (MHRD), All India Council for Technical
Education (AICTE), Department of Science and Technology (DST), Maharashtra
Pollution Control Board (MPCB), Fund for Improvement of S&T infrastructure
(FIST), MODROB, TEQIP etc.
